**2015-2016
WINTER CATALOG**

Dear Customer,

Premium Gear Since 1972

We at HT Enterprises, Inc., would like to thank you for showing an interest in our ice fishing product line. Over the last 40 years we have worked hard to design and manufacture products that you would be proud to market.

Our line of ice fishing tackle has been well received throughout the United States, Canada, and the World. Our products have weathered the "test of time" and have proven to be very popular among ice fishing enthusiasts everywhere.

Our number one goal is to continue to offer the very best ice fishing tackle in the world. We will continue to do everything possible to keep the cost of manufacturing down, so that you will always remain competitive in the marketplace. Our wholesale-buying discount program has been designed to achieve maximum volume and high profits.

If you have any questions concerning our product line or discount program terms, please give us a call at 920-533-5080. Our office hours are from 8:00 a.m. to 4:00 p.m. daily (Central Time).

Again, we'd like to thank you for your interest in our line of ice fishing tackle products. We will continue to do everything possible to serve you.

2015-16 Ordering Program

In order to provide you with quality product and on-time deliveries at competitive prices we need to be able to place orders on a timely basis with our suppliers.

- Late orders to our suppliers starts an unfortunate chain of events starting with late shipments to customers and lost sales.
- Quality diminishes quickly when suppliers must rush production to try and meet unreasonable deadlines. Without ample production time quality control is not able to catch problems that normally would be easily resolved.
- Rush orders always demand higher production costs and unusual shipping arrangements that add unnecessary costs increasing the cost of your products.

→ We can greatly diminish the above situations with timely ordering. We depend on you to evaluate your product needs at the end of the ice fishing season.

- 1) Count your inventory as you are storing the remaining stock
- 2) Record your sales quantities for each ice fishing item
- 3) Mark the items to go forward and items to drop
- 4) Subtract sales from remaining inventory quantities

5) **Provide a 2015 forecast to your HT representative Before 5/1/2015**

Please Place Opening Orders Before May 1st, 2015

HT Enterprises, Inc strives to fill every order no matter when the order is placed. Unfortunately, it is impossible to produce the exact amount of product needed without customer forecasts.

Opening orders placed after midnight, **May 1st, 2015** will reduce our ability to supply all of your product needs through the season.

Items that have minimum customer support will be evaluated after the May 1st deadline. If quantities ordered do not meet supplier minimums, HT Enterprises, Inc. will contact you and hopefully find a way to reach the minimums needed.

Note: All Orders INCLUDE a 3% Defective Goods Allowance in your NET Invoice Price
If you would like to be credited for defectives, quoted prices will be raised 3%

PTU-20L Orange Frame, 200 ft Plastic Spool w/ Line, Standard Flag Wire & **NEW! Strike Light!**

ELECTRONIC POLAR TIP-UP

- The Electronic Polar Tip-Up uses a drag-less magnet system that trips the light and sound upon a bite!
- The signal is off when a magnet in the trip shaft is lined up with a magnet in the signal device.

When a fish pulls the line turning the trip shaft, the light and sound alert the bite!

- When the fish runs with the bait, the light and sound is "on & off" with the action of the fish. Now the fisherman can see and hear what the fish is doing under the ice from a distance.

DELUXE POLAR II TIP-UP

Part No.
DPTU-1

500 Ft. Spool

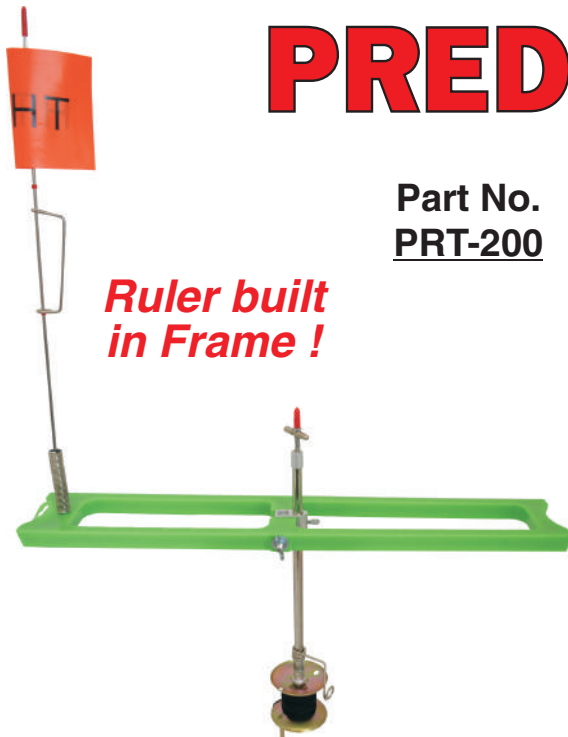

Tom Gruenwald
Author & Pro Fisherman

"When you're fishing trophy gamefish and using large holes, the extra large heavy duty frame is the answer. The frame combined with the proven freeze-proof Polar quality provide a definite edge."

The Polar II Tip-Up is a wooden frame tip-up that features HT's Lifetime guarantee against freeze-up, 500' capacity easy-flow spool with handle, and best of all the HT quality you have come to trust.

PREDATOR TIP-UP

**Ruler built

PRT-200

- Super durable "V-shaped" base for easy removal from ice
- Neon green color for high visibility
- Multiple trip settings - Light for panfish & heavy for game fish
- Lubricated with HT Thermo-lube ensuring smooth operation in the coldest temperatures
- Special "Flag Trip Wire" prevents trips caused by a strong wind or large bait

HUSKY™ Tip-Up

“Wind Trip” Free Wire

The HUSKY Tip-Up is a deluxe wooden frame tip-up which features HT's lifetime guarantee against freeze-up, “easy flow” spools with handle, and an “easy-lock” lineguide for easy set-up. The trip shaft creates two sensitive trip settings. The Husky Tip-Up is designed for the angler who is after the Big Ones.

POLAR™ THERM EXTREME TIP-UP

The **POLAR™ THERM EXTREME TIP-UP** is an "underwater" Tip-up designed with many features that put it in a class by itself.

UNIQUE FEATURES of the POLAR THERM EXTREME TIP-UP

FREEZE-PROOF

The EXTREME'S patented trip mechanism is freeze-proof so you'll never have to worry about below-zero temperatures affecting your success again.

CONVENIENT

The EXTREME's design allows the entire tip-up to fit in a 5 or 6 gallon pail. Actually stack over five tip-ups tangle-free in a 6 gallon pail !

TANGLE-PROOF

The EXTREME'S design promotes a tangle-free feature with the foam hook holder at the bottom of the spool.

THERMAL ACTION!

Keeps your ice hole free of ice by trapping the thermal action of the open water. This natural phenomena keeps the ice hole open in sub zero temps !

ADJUSTABLE TENSION TRIP

Set the "adjustable tension" light for panfish, medium for walleye and heavy in deep water for lake trout and northerns.

RUGGED DESIGN

The EXTREME is built rugged out of space age plastic to take punishment while it stays lightweight and warm to the touch.

BUILT-IN TACKLE BOX W/LID

The EXTREME has a built-in tackle box for easily convenient set-up at the hole location.

EASY OPERATION!

Simply pull the center mechanism into a perpendicular position, set line at your selected depth, place flag trip wire under the trip bar, and place tip-up over the hole with the spool under the water.

The POLAR THERM™ TIP-UP

The POLAR THERM™ TIP-UP is an "underwater" Tip-up designed with many features that put it in a class by itself.

UNIQUE FEATURES of the POLAR THERM™ TIP-UP

- Ultra-smooth, multiple-designed **Trip Shaft** (see Inset "A")
- Guaranteed lubed shaft to prevent "**FREEZE-UP**" in sub-zero temps
- Unique **LINEGUIDE** designed for easy in and out line placement, yet **LINEGUIDE** holds line in while fishing (see Inset "B")
- Handle on spool to easily retrieve your line
- The **FLAG WIRE** is on a slight angle so it can be placed on either side of **TRIP SHAFT** for light or heavier "trips" for the use of larger bait
- Three holes in bottom of **REEL** for hooking your hook to keep leaders straight
- Cover works for holes 6" to 10"
- Thermal warming from the open water is trapped by the specially designed cover that seals the hole preventing the hole from icing-up

- Heavy Duty Hardwood Frame
- 31" High Center Body & 19" Spring Steel Flag
- Hi-Viz Signal Flag rises over 3 feet above the ice

- Ultra-sensitive trip system w/ deluxe lubed tube for smooth operation in the coldest weather
- Super Smooth 1500' capacity large arbor spool
- Large spool for fast line retrieval
- Folds neatly for easy transport and storage

Deluxe hardwood, high profile underwater tip-up. Hardwood frame features an extra long, 31" body and an adjustable height flag steel that extends 19" above the top of the body a full three feet above the frame when fully extended. Ultra-sensitive trip system is attached to an underwater 1500' large arbor spool and lubed tube assembly for super-fast line retrieval and super-smooth operation in even the coldest winter weather.

"The list of features for the Polar Pop-Up is virtually endless! It's the easy operation, positive strike signal, adjustable spool tension and super smooth, freeze-proof, wind-proof, snow-proof magnetic trip features that are supreme. This unique specialty tip-up has all the qualities to help improve anyone's on-ice catch."

PP-2L

The Original Magnetic
Polar Pop-Up Tip-Up
with New Deluxe
Lighting System

**Clam Shell
Packaging!**

POLAR™ POP-UP TIP-UP

The **POLAR POP-UP TIP-UP** is an "underwater" Tip-up designed with many features that put it in a class by itself.

UNIQUE FEATURES of the POLAR POP-UP TIP-UP

FREEZE-PROOF

The POP-UP's patented magnetic trip mechanism is freeze-proof so you'll never have to worry about below-zero temperatures affecting your success again.

WIND-PROOF

There is no exposed line or trip mechanism. Even a 50 mph wind can't trip the POP-UP accidentally because its sturdy 3-point suspension makes it stay put.

SNOW-PROOF

Drifting snow simply can't plug the POP-UP's trip mechanism because of its unique design.

POSITIVE SIGNAL

There's no exposed flag to confuse you from a distance and the flag shaft is a bright fluorescent orange so you get a positive signal when a fish strikes.

ADJUSTABLE TENSION

Set the "adjustable tension" light for panfish, medium for walleye and heavy in deep water for lake trout and northerns.

SPOOL WINDER

The POP-UP's specially designed spool winder lets you wind up your line easily any time you want.

WATER BRAKE

On hard strikes, the spool winder acts as a water brake to keep the spool from over-running and fouling up your line.

SPOOL LOCK

The easy-to-grip knurled spool lock is designed for adjusting tension and for locking the spool when storing.

RUGGED DESIGN

The POP-UP is built rugged out of space age plastic to take punishment while it stays lightweight and warm to the touch.

EASY OPERATION!

Simply unlock the cap, open the legs, unlock the spool and bait up! That's all there is to it. And packing up is just as easy.

**Capture
More Than
The Wind !**

Tom Gruenwald
Author & Pro Fisherman

"This is a great tip-up with many adjustments. When the fishing is tough, the Windlass will come through. It is an extremely sensitive tip-up with a great drag system. The Windlass offers a great multi-jigging system that drives fish to strike !"

Micro Shot Dial Box Assortment

Part No. **NX-200**

HT Micro Shot Dial Box has No.2 through No. 8 shot. Designed for Ice Fishing with light jigs.

All Season Micro-Lite

Part No. **ML-7**

Sound & Light Indicates Strike!

This 4-season Micro-Lite is designed for use on any Tip-Up. Comes equipped with a micro sensitive switch for easy line release. Comes with lite and two standard 1.5V batteries (hearing aid, 312 or 392, or equivalent)

Each *Compartment Lid Opens Separately*

Micro Pocket Boxes

6 *Comp. Micro*
 Part No. **TBM-6**

Part No. **TBLM-6**

6 *Comp. Large Micro*

Night Star Strike Light

w/ *Dual Light System*

Part No. **NSL-1**

The NightStar Strike Lite easily attaches to the flag apparatus of most tip-ups on the market. The "dual strike light" makes this strike light like no other light. Simply choose hi-viz "green" or ultra-bright "orange" as your indicator. Your fishing friend may choose the other color. Now you can fish side by side and instantly know who has the bite! (Comes with lite and lithium battery)

Micro Box

Part No. **MB-6**

- Six Compartments
- Easy lock system
- Each compartment has a divider
- Each compartment has a rubber seal
- Box can be slid in 1/2 to have 2 separate 3 compartment pocket sized tackle boxes

ICEMAN SKIMMER

Part No. ICS-1

18" Long w/ 5" Cup

- Hook on End of Handle
- Rimmed Cup for EZ Ice Removal
- Extra Strong Wire Handle
- Special Yellow Zinc Plating

TELESCOPIC POLAR SKIMMER

5" CUP SIZE

Part No. TPS-36

Extends to 36" Long !

The Telescopic Polar Skimmer is a good all-around sturdy skimmer. The telescopic feature allows you to skim holes without the need to bend over as far. It collapses for easy storage and transport.

ICEMAN CHISEL SKIMMER

Prong
Chisel Type

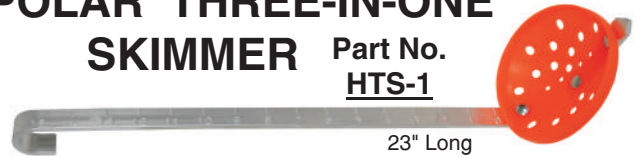

Part No. ICS-2

- Special Chipper System
- Sturdy & Durable
- Neon Orange
- Rust Resistant Coating
- 18" Long Handle - 5" Cup

POLAR THREE-IN-ONE SKIMMER

Part No. HTS-1

23" Long
w/ 6" Cup

HT's 3-in-1 Skimmers feature a metal handle with a handy ruler stamped into it. The long lasting riveted construction and durable plastic cup make it perfect for fishing in cold weather. Ice can be squeezed off the plastic flex-cup without breaking or losing shape even in the coldest weather. The cup end of the skimmer also features an ice chipper that is ideal for chipping away skim ice.

ICEMAN CHIPPER SKIMMER

Part No. ICS-3

w/ Ruler & Chipper

- Extra Long 22" Handle
- 16" Ruler on Handle
- Handy Ice Chipper on End
- Extra Large Holes in Cup
- EZ "Ice-Off" Coated 5" Cup

POLAR CHIP N' DIP SKIMMER

Part No. CD-18 23" Long
w/ 6" Cup

HT's Chip N' Dip Skimmer features a heavy duty metal handle with a handy ruler stamped into it. The long lasting riveted construction and durable metal cup make it perfect for fishing in cold weather. The heavy duty welded chipper is ideal for opening old holes or removing skim ice.

POLAR ALUMI-FLEX SKIMMER

Part No. PFS-1D
16" Long w/ 5" Cup

HT's Poly-Flex Skimmers feature an aluminum handle and plastic cup making it perfect for fishing in cold weather. Ice can be squeezed off the plastic flex-cup without breaking or losing shape even in the coldest weather.

RIMMED CUP METAL SKIMMER

Part No. ESK-2D
18" Long w/
6" Rimmed Cup

Riveted
Handle

POLAR FLEX SKIMMER

Part No. PFS-1

16" Long w/ 5" Cup
w/ EVA Handle

HT's Poly-Flex Skimmers feature a plastic handle and plastic cup making it perfect for fishing in cold weather. Ice can be squeezed off the plastic flex-cup without breaking or losing shape even in the coldest weather.

POLAR METAL SKIMMER

Part No. ESK-1
18" Handle w/ 4" Cup

Part No. ESK-2
18" Handle w/ 6" Ladle

HT offers a New Economy Metal Skimmer featuring a 4" or 6" ladle for easy skimming. Excellent value !

Big Dipper Skimmer

Part No
BDS-100

- Telescopic Handle extends to 44" long & Collapses down to 26" long
- It Floats - Never Loose in Hole !
- Extra Large Deep Well Cup

HT EYEBUSTER WITH LINE CUTTER

Part No.
EB-16

- Keep your Jig Eyes Clean Always with this Tool
- Premium Allow Spring Steel for the Best Function
- Red Powder Coated Grip for Easy Use with Slippery or Wet Hands
- Never Use Another Jig or Lure Again to Open Up the Eye of Your Favorite Jig or Lure
- Never Dull Another Jig or Lure Again when you have this Great Tool in your Tackle Box

GAFF HOOKS

Part No. DGF-1
 25" Long

This Gaff Hook is made of durable Steel with a large Treble Hook welded into the Tip for sure "gaffing" ability. The Handle has a "sure-grip" texture that prevents "slipping" when your hands are cold or wet.

THERMAL FOAM HOLE COVER

Part No. **THC-1**

HT's new THERMAL HOLE COVER works ideally with any tip-up! Simply slip the insulated foam material around the center tube or crossbar to prevent snow and light from entering the hole. The black material also absorbs sunlight and the thermal energy of the water to prevent the hole from freezing. Also included is HT's Freeze Proof tube, which prevents the Windlass from freezing up, even on the coldest days!

BLU-LUBE LUBRICANT

Special Anti-Freeze Formula

2 oz. Bottle
Part No. **BL-2**

Part No. **BL-25**
(4 oz.)

Special anti-freeze lube for Tip-Ups, Reels and Compound Bow Bearings. The lube remains soft in reels for fishing in late Fall and cold weather, but remains in gears during hot summer days. Great for Reel Repair Shops. The lube is odorless and ideal for use on Compound Bow Bearings. Comes in handy squeeze bottles.

ULTRA-GLOW Light Sticks

ULTRA-GLOW lightsticks can be used on all tip-ups. "Lightstick" is activated by snapping, bending or shaking it. After it is activated, the lightstick turns into a glowing, green or red light which lasts for 12 hours.

Lightsticks are packaged with two (2) lightsticks per package. Always be prepared for late-night fishing! The UG-3 is the only model that comes with 4 lightsticks per package.

Part No.	Color	Size
UG-2	Green	4.5 x 38 mm
UG-3	Green	3 x 25 mm
UG-7	Green	7.5 x 75 mm

Bulk Packaged

TELESCOPIC TIP-UP FLAG EXTENSION Extends 32" High

- This product is sure to attract every ice fisherman!
- Easily seen when fishing in deep snow
- Stands tall as a Tip-Up marker in the snow.
- Alerts snowmobilers and other vehicle operators to the presence of your tip-ups.
- It's interchangeable with All Polars, Polar II Tip-Ups, and Polar Thermos!

Part No. **FAA-1** 1 per pkg

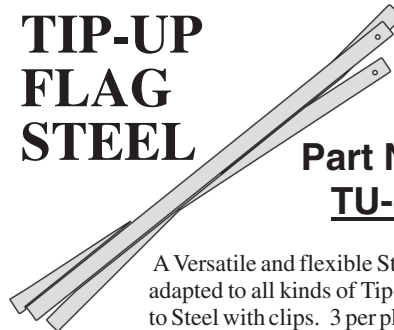

TIP-UP FLAGS

Tip-Up Flags can be used on all Tip-Ups. Material is made of a durable, weather-resistant, rip-proof, vinyl-coated material. 3 per pkg. w/clips.

Part No. **TU-5**
 3"x3" Orange

TIP-UP FLAG STEEL

Part No. **TU-4**

A Versatile and flexible Stainless Flag Steel that can be adapted to all kinds of Tip-Ups. Flag material attaches to Steel with clips. 3 per pkg.

TIP-UP LINEMARKERS 1/2" Dia.

Used as a "marker" on the line, not as a float. With Linemarkers, it is easy to re-set your line after a fish bites. 12 per case.

Part No. **TULM-6** Part No. **B-1** Priced per 100

ALL-SEASON LINE HOLDER

Part No. **LK-20**
 1 1/2" Diameter

The best way to keep your fishing line from "unreeling." Snaps easily on and off Tip-Up Spools to keep line in place. A handle makes the "lineholder" easy to grasp. Made of lightweight polypropylene so it floats. Fluorescent yellow color makes it hard to lose. 2 per package.

Also Works Well For Your Summer Spinning Reels

POLAR TIP-UP WEIGHTED LINE MARKERS

12 per Package Assorted Neon Colors

- Easy on-off system
- High "Viz" Bright colors
- Weighted Line won't float upward

Part No. **TUW-12**

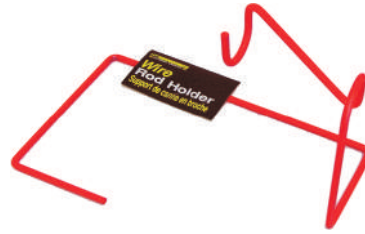

SHELTER/ DOCK ROD HOLDER

Part No. **SDH-100**

- Pedestal comes with 4 holes and 4 screws for easy mounting
- Adjusts to any angle for your rod combo
- Works for any rod handle size

Wire Rod Holder

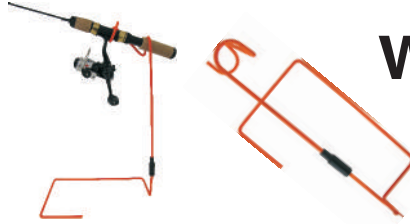

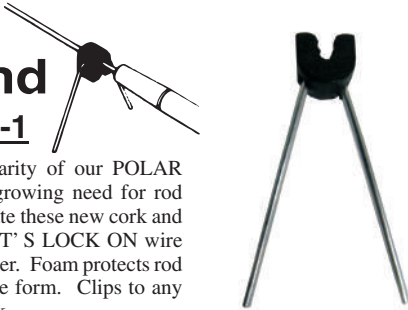

Part No. **WRH-1**

HT now offers a method for holding that second jig rod securely, yet the rod is still easily accessible when a fish strikes.

Lock-On Rod Stand

Part No. **LRS-1**

With the growing popularity of our POLAR LITES, we've found a growing need for rod stands that will accommodate these new cork and corkalon rod handles. HT'S LOCK ON wire form rod stand is the answer. Foam protects rod handle or blank from wire form. Clips to any size ice rod handle or blank.

Wire Rod Holder

Part No. **WRH-1T**

- Folds down for easy transport and storage
- Locking hinge system for easy use
- Extra height for easy reaching of your rod combo—15 3/4" high
- Steady base for non tipping

SHELTER ICE ROD HOLDER

Part No. **SRH-1**

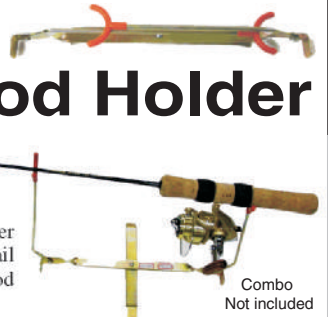

The Shelter Ice Rod Holder has been specially design to attached to the pipes inside your popular ice shelters. Holds all types of rod/reel combos.

IceMaster Folding Rod Holder

Part No. **IFH-1**

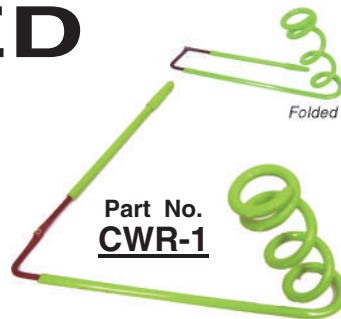

The Ice Master Folding Rod Holder conveniently folds to fit easily into a pail yet sturdy enough to hold any ice rod combo.

GOLDEN LITE ICE LURES

HT GOLDEN LITES have an attracting quality all fish are inherently triggered by! As sunlight glimmers off the special glitter, it creates a fish-attracting flash. HT Researchers have found that winter and fussy summer fish often examine lures closely, ignoring anything that isn't the right size, shape, or color. HT GOLDEN LITES attract even the toughest to catch!

ICE ANTS

THE ANT FISH CAN'T RESIST!!!

Glow Chartreuse

Glow Orange

Glow Lime Green

HT ICE ANTS are proven highly effective for both winter and summer. The tantalizing action produced by the soft-rubber legs is more than fish can resist! When jigged up and down by the angler or by wave action created from a bobber or float clipped just above it, the HT ICE ANT accurately simulates the motion of zooplankton, an important part of the panfish diet.

SOFT EYES

Glow Chartreuse

Glow Orange

Glow Green

These highly productive, classic soft plastic-bodied baits combine a natural profile, soft texture and light-weight design that provide supreme presentation control and work especially well either finesse jigged or as part of the increasingly popular "dead stick" method.

BLOOD WORM JIGS

Glow White

Glow Chartreuse

Glow Orange

One of the most common forage bases of mid-season winter fish is the bloodworm, yet until now, no one has offered an adequate representation of these common food items. Available in the vertical style, these lures offer a unique, segmented body, and the light-weight head is sure to increase every finesse angler's winter catches!

Studies have indicated that when gamefish strike their prey often the eye is the item they focus their attack on. Hot Bite FISH EYE LURES simply enhance this natural attracting feature and will increase your catch! In fact, some research shows that Hot Bite FISH EYE LURES will fool actively feeding fish two to three times that of similar lures. This lure is great for summer or winter fishing.

Hot Bite LUNAR LURES are proven highly effective, both summer and winter. The subtle "Lunar Glow" helps fish find your lure in conditions where they can't see well, such as dark or stained water environments or at night.

Hot Bite LUNAR LURES are sold as traditional teardrop lures with the advantage of its unique glow feature.

DARTER JIGS

MICRO JIGS

Hot Bite's Darter Jigs are sure to increase any angler's winter panfish catch! These precisely balanced horizontal jigs feature a modified head design that creates more natural, slow falls as the lure is lowered and better control when jigged. Stopped, Darter Jigs remain in a perfectly natural horizontal position, increasing strikes. Excellent for all winter panfish!

SLIM RAT ICE JIGS

Hot Bite's custom designed Slim Rat Jigs feature light, precision balanced heads and an exclusive, highly durable "tight-fit" soft bodied tube tails. This combination results in an extremely small profile, slow falling bait that helps trigger even the fussiest winter fish. Works especially well when tipped with tiny maggots or grubs.

The HT FOOTBALL JIGS have been designed to create a "Life-Like" action when moved "up and down" in the water. This unique, life-like swimming motion fills the gap between standard swimming minnow lures and leadhead jigs. Football jigs fish heavy for especially acute sensitivity when jigged and their unique balance allows them to be fished productively when rigged beneath an actively jigging Windlass Tip-Up.

ROCKER JIGS

Force **ROCKER JIGS** are proven highly effective . . . Winter or Summer. The unique "rocking action" of Force **ROCKER JIGS** works wonders for all gamefish, particularly when vertically jigged for crappies, white bass, bluegills and perch. When fishing with the **WINDLASS TIP-UP**, **ROCKER JIGS** produce an irresistible action for larger predators, such as northern or walleyes.

HJB-10 Size 10

Force now offers our famous teardrops in a new concept ! We've added a prop ! We call'em Helicopter Jigs, and they're deadly for all species of panfish. The prop provides a soft fluttering, sinking action that panfish cannot resist. These jigs are handcrafted and individually soldered to provide the ice fisherman with a quality jig.

Mousee JIGS

With Plastic Shrimp Tail !

Force Mousee jigs are a lightweight, super slow-falling vertical jig design featuring a soft plastic body with a long, vibrating "tail" that closely resembles a real "mousee" grub. Even the slightest, gentle jiggling motion causes the thin plastic "tail" to undulate in a natural motion that is irresistible to all panfish.

Chatter Spoon

Force Chatter Spoons feature a special rattle containing chamber that adds fish attracting sound to the incredibly "life-like" flash of this unique holographic finished lure with 3-D eyes. Even when fishing in dark or murky water, the sound attracts fish from the distance, allowing fish to home in on your bait. Works well in clear water, too, when trying to trigger fussy fish. Just tip with a small minnow, minnow head or grub, and work with a series of quick lift-drop motions and/or gentle shaking actions. The lure does the rest!
